

A TWO YEAR OLD PROGRAM BEGINS.....

Why are we opening a 2 year old program?

We are excited to offer younger siblings, and the outside community our school's incredible bilingual program, allowing for one more additional year of French language development in the earliest years! The research is clear... 'Bilingual acquisition is a natural and rewarding journey for our toddlers that not only enriches communication but also brings unique cognitive and developmental advantages,'

The children will be in a quiet and cozy space, and outdoor playtime in a grassy area will be a priority. A small group of students will allow for a comfortable environment, where a safe, developmentally appropriate, and engaging school setting is most important.
