

Matching Gifts

Many employers match an employee's philanthropic donations or provide a monetary match for volunteer hours. If your company matches your donation, it allows you to multiply your gift to the French International School.

Listed below are only some of the many generous companies, nationally and locally, offering matching gift programs for employees and/or company retirees. Contact your human resources representative for specific information on your company's matching gift program.

FISOP is a registered 501(c)3 nonprofit organization. Gifts are tax deductible for US taxpayers to the full extent allowable by law. The school's tax ID# is 23 2633105. We can provide gift acknowledgement receipts for your records.
